All three rotary controls (Volume, Climate LHS, Climate RHS) trimmed in coloured leather (series condition black leather).
Floor console rear seat fan speed rotary control trimmed in coloured leather (series condition black leather).

Finishers and front face of the rotary control to remain in series condition, the only element changing is the leather band.

LEATHER COLOUR: Matched to primary, secondary or tertiary leather colour (refer to order)
CONSTRUCTION STITCH: To match the leather colour used on the rotary control.
